Belated Happy 4th of July

MHA Meeting and Presentation by Austin Komarek July 21

Our favorite chiropractor, Dr. Austin, will be working on several MHA horses on July 21st (and a few people☺). He enthusiastically agreed to use the last horse or two as a presentation for our group as we gather for a picnic dinner before our meeting. It is always an education to watch him work, and he always leaves us with homework☺

As always, timing is flexible when Austin comes to work. He never rushes a horse or finishes up until the horse is ready, so we may or may not get on with the meeting exactly at 7.

Dude, you have a mask on!
